Lighting

The LED Par 64 HP is the new generation of intelligent LED par cans featuring amazing PWM LED driving electronics and photonics-wise LED arrangement on the PCB.

The LED Par 64 HP features high-power color mixing with 12 red, green and blue LEDs. The unit uses 3,4,5 DMX channels or any combination. It produces a bright, narrow beam that cuts through fog and is ideal when a concentrated light is needed to highlight smaller areas or objects. This versatility and extreme output allows the fitting to be used in many different applications from a small stage or DJ lighting to medium sized live music applications and corporate events.

LED Par 64 HP

LED Par 64 HP

Feature:

Power supply: 100~230V, 50/60HZ

Power consumption: 36W for 1 watts/ 108W for 3 watts

Lamp: 12 Red, 12 Green, 12 Blue

Dimension (L x W x H): 300 x 300 x 280mm

Weight: 1W 3.93kg/ 3W 5.05kg

Maximum ambient temperature: 45°C

Maximum housing temperature: 55°C

Thermal protection: 60°C

Minimum distance: 0.10M

Specification:

Product No.	L-Par 64 HP I	L-Par 64 HP 3
Description	Professional LED PAR, AC 100-230V/50-60Hz, 36 x 1W high performance LEDs, 12 each of red, green and blue. 36W. 15°,30°,45° beam angle as standard. Digital display. On-board control, DMX compatible.	Professional LED PAR, AC 100-230V/50-60Hz, 36 x 3W high performance LEDs, 12 each of red, green and blue. 108W. 15°,30°,45° beam angle as standard. Digital display. On-board control, DMX compatible.
Product Dims.	300(L) x 300(W) x 280(H) mm	300(L) x 300(W) x 280(H) mm
Product Weight	3.93kgs	5.05kgs
Carton Dims	870mm x 635mm x 375mm	870mm x 635mm x 375mm
Packing QTY/CTN	6	6
CBM/CTN	0.2071	0.2071
G.W.(KGS)/CTN	29.70kgs	36.40kgs
